

## **SkinMedica® TNS Essential Serum®**

This unparalleled patented treatment is the first and only rejuvenating serum to combine the benefits of the proprietary growth factor blend, TNS Recovery Complex®, with potent antioxidants, peptides and other innovative ingredients to restore youthful looking skin.

- The all-in-one rejuvenating product
- Full-strength TNS Recovery Complex® works synergistically with peptides to improve the appearance of fine lines, wrinkles and the overall tone and texture of skin
- Seven antioxidants fight free radical damage
- Specialty ingredients provide immediate visual smoothing
- Alpha arbutin brightens the skin

Recommended Uses:

***Prior to use, invert and tap the top of container several times in palm of hand.***

Press on the center of the pump and apply a single pump onto the back of your hand, blend together and apply to the face, neck and décolleté morning and night. As with any skin care product, avoid getting in eyes. If contact occurs, rinse eyes thoroughly with water.

TNS Essential Serum® should be applied after cleansing and toning the skin and prior to applying any other products, including sunscreens. Note: TNS Recovery Complex® is in one chamber of the TNS Essential Serum® pump, you do not need to incorporate TNS Recovery Complex® in your daily routine.

TNS Recovery Complex® has a 93.6% concentration of TNS®, which is a very high concentration of protein that has a distinct odor.
