

### **SkinMedica® Vitamin C+E Complex**

This silky, fragrance-free formula with 15% stabilized vitamins C and E provides extraordinary antioxidant protection, helping to improve the appearance of skin tone, texture and firmness.

- Vitamins C and E work synergistically to fight free radicals
- Silicone suspension system prevents oxidation and delivers vitamins C and E to skin throughout the day
- Improves the appearance of skin tone, texture and firmness

Recommended Uses:

***Prior to use, invert and tap the top of container several times in palm of hand.***

Apply a single pump each morning to face, neck and décolleté. As with any skin care product, avoid getting in eyes. If contact occurs, rinse eyes thoroughly with water.

Vitamin C+E Complex should be used every morning as part of your daily skin care routine. Apply each morning after cleansing, toning, and applying TNS Recovery Complex® and before applying your moisturizer.
